

## NEW STAGE 22 WEBSITE!

Stage 22 have great pleasure in announcing the launch of their new website at [www.stage22.co.uk](http://www.stage22.co.uk) . the launch coincides with the end of term variety production taking place on Sunday and the Wizard of Oz which is produced a week later.

The website has been put together by Stage 22 management and designed by EA Design Services. The new site is designed to be more slick and attractive to the eye and will feature regular updates, press releases and the ability to register for auditions and summer schools on line. Stage 22 also announced that by 2009 the site will also host the ability for parents to pay fees online via credit or debit cards using a secure connection.

The site also now features a series of stills photographs from productions over the last eight years and a section on the website that lists every production performed since Buster in 2000!

Director, Chris Thompson said “The new site is highly invigorating and informative. We are very pleased with it.”
